## All-New 2022 Honda Civic

The Civic has been an icon in the Honda History since its introduction almost 50 years ago and has evolved over the years keeping tradition in mind as well as embracing various technological and design innovations.

The All-New 2022 Honda Civic is a modern expression of the classic Civic values inside out – fun to drive and technologically advanced.

## Next Generation Style

The All-New 2022 Honda Civic boasts a clean, modern design paired with a high-tech, human-centered interior, and equipped with advanced active and passive safety systems.

**LED Headlights:** The All-New Honda Civic has a full array of wide set LED headlights with Day Time Running Lights as standard.

**Fastback-Inspired Roofline:** The graceful swoop of roofline, the elongated hood and the clean body lines, gives the Civic a patently sporty silhouette.

**Tail lights:** Using the latest LED technology, the brand-new design of the LED Tail lights give a dramatic effect.

**17" Alloy Wheels:** The stylish 17" Alloy Wheels in the All-New Honda Civic gives it a bold and a stylish attitude.

# All-New CIVIC

## Human Centered Interior Design

Honda's outstanding interior packaging results in ample head, leg, shoulder and hip room for all passengers. A feeling of spaciousness is immediately felt and shared by all Civic occupants, uncluttered design throughout its cabin.

**Spacious Cabin:** The spacious cabin seats five with ease and offers suede interiors with leather combination for added style and comfort.

The pulled-back A-pillars, low hood, flat dashboard and hidden windshield wipers enable a windshield with clearly defined corners for a panoramic view.

A striking metal honeycomb mesh accent stretches from door to door across the dash, creating a dramatic visual dividing line between the audio, information displays and the climate controls, while the intricate flow-through design conceals the air vents giving the Civic a harmonious look of the dash.

## Fuel Efficient Powerful Performance

The All-New Honda Civic is engineered for instantaneous response with a sport-tuned suspension and the turbo charged 1.5L engine paired with continuously variable transmission (CVT) delivers 176 hp @ 6000 rpm on the LX and 180 hp @ 6600 rpm on the EX Grade.

Specifications may vary in some countries and are subject to change without notice. Please consult your local dealer for details.

**CVT:** The All-New Honda Civic is paired with an updated continuously variable transmission (CVT) engine which is uniquely tuned for enhanced power delivery, engine sound, overall refinement and fuel economy ratings.

Fuel Efficiency: 16.1 Km/L on LX Grade  
19.3 Km/L on EX Grade

Max Power: 176 hp @ 6000 rpm on the LX Grade  
180 hp @ 6600 rpm on the EX Grade

Max Torque: 220Nm @ 4500-5000 rpm on the LX Grade  
240Nm @ 1700-4500 rpm on the EX Grade

**Paddle Shifters:** The All-New Honda Civic enables the control of the transmission with the help of the steering wheel mounted paddle shifters on EX grade only.

**3 Mode Drive System:** In addition to the standard Normal and Econ mode The All -New Honda Civic now features a user-selectable Sport mode on EX grade only. Using a toggle switch on the center console, the new Sport mode gives a sportier feel, and changes the meter lighting to red. Eco mode reduces throttle and transmission sensitivity, as well as air conditioning output to help preserve fuel efficiency.

تم احتساب أرقام كفاءة إستهلاك الوقود في ظل ظروف إختبار قياسية. قد تختلف الكفاءة الفعلية لإستهلاك الوقود وفقاً لظروف الطريق و أسلوب القيادة و البيئة المحيطة أثناء القيادة  
\*Fuel efficiency figures are based on standard test conditions. Actual fuel efficiency may vary based on road conditions, driving style and driving environment.

## Advancing Safety Performance

Continuing the Civic's longstanding tradition of advancing safety performance, the All-New Honda Civic introduces multiple new active and passive safety systems.

**The Advanced Compatibility Engineering™ (ACE™)**

body structure in the All-New Honda Civic has been enhanced for even better compatibility with larger vehicles with improved occupant protection in angled frontal collisions, with a new upper A-pillar structure, side frame and lower firewall structure—all designed to route crash energy around the cabin.

Specifications may vary in some countries and are subject to change without notice. Please consult your local dealer for details.

**Rear Wide View Camera:** Engage reverse and the rear view camera automatically come to life on the 7" display screen with the wide angle views.

**Vehicle Stability Assist™ (VSA®) with Traction Control:** During an oversteer or understeer condition, VSA can brake individual wheels and/or reduce engine power to help restore your intended course.

**Tire Pressure Monitoring System:** The Tire Pressure Monitoring System is an electronic system that reports real-time tire-pressure information to the driver of the vehicle, through a simple low-pressure warning light.

**Rear Seat Reminder:** The Rear Seat Reminder is a new safety feature available in The All-New Honda Civic. The driver is notified to check the rear seat, when the ignition is turned off.
